

## Classic Teak Yacht Wheel with Teak Rim

In production for over 125 years, Edson's Classic Yacht Wheels belong on any classic yacht or stately passagemaker. Created by third-generation master craftsmen, the skills and artistry that go in to making these wheels have been passed down from generation to generation, ensuring a consistency and quality that can only be attained by the hand-crafted talents of their builders.

Although extremely elegant, the Edson Teak Wheels are not just a showpiece for a wall. They are handcrafted to the highest offshore-quality standards, and will provide years of service for the classic yacht. They feature solid teak spokes and felloes rigidly secured with stainless fasteners and holly bungs. The wheel is delivered with varnished inner rim and spokes. The laminated 1" diameter destroyer-type rim is installed with stainless fasteners and holly bungs to the solid teak spokes and is unvarnished, ready for each individual's preferred finish. This creates an elegant wheel that keeps the traditional look yet has a modern appearance and styling.

These wheels will be the centerpiece of your cabin or cockpit and the first thing visitors to your yacht will notice.

Order #603CH (shown)  
Specify Bronze (BR) or Chrome (CH) Hub  
(See ordering guide for sizes)
