

## Antenna Mounting Systems

### Antenna Brackets

Three sizes, rugged cast aluminum with durable glossy white baked-on urethane coating. Pre-drilled mounting holes. Design hides and protects wires. Deluxe bracket has foil shape for low windage, sleek style. See Measurement Guide to the right for details.

Short – Order #976-9

Long – Order #976-16

Deluxe Port – Order #976-18P

Deluxe Starboard – Order #976-18S

Mounting hardware included.

### Double End Bracket

Add two more antennas to your tower. Rugged cast aluminum with durable white glossy baked-on urethane coating. Mounts to the end of all Antenna Brackets. Leads fit under bracket. Pre-drilled mounting holes.

Antenna Bracket required. Mounting hardware included. Order #976-22

### Stainless T.V. Antenna Hoop

Designed for mounting your TV Antenna above the Radome. Constructed of 1" O.D. heavy duty stainless tubing with a welded 4" x 6" mounting plate. Two Antenna Brackets (#976-16) required or can be mounted on Pilot House Roof.

21" Hoop – Order #994-21

28" Hoop – Order #994-28

### Stainless Antenna Extension

Designed to raise Loran or GPS Antennas above the Radar beam or to provide a mounting adapter for VHF antennas. Made of 1" O.D. heavy duty stainless tubing with a 1"-14 thread on top. 3" dia. mounting base.

3" Adapter – Order #980-3-100

13" Extension – Order #980-13-100

## Lights, Lifting Cranes and Leveling Devices

### Cockpit Flood Light

Powerful 12-volt sealed beam, Halogen light emits 9900 candlepower. Mount on forward or aft sides of all Edson Radar Platforms. Weatherproof & shock resistant housing. Also mounts on bulkheads wherever extra light is needed.

Order #987-35

### Heavy Duty Lifting Crane

Perfect for lifting a small outboard or other gear from your dinghy or deck. Features either a 15"/38 cm or 30"/76 cm reach and 150 lb. capacity. Swings through 180° with adjustable topping lift. Tackle has 3 to 1 advantage.

30" Lifting Crane – Order #977-30 (Shown)

15" Lifting Crane – Order #977-15

### Anchor Light Arm

The perfect way to mount your anchor or running lights. Extends 21" above radar platform. Also ideal for mounting Loran and GPS Antennas.

Order #996-21

### Outboard Lifting Web

Constructed of black nylon strap with stainless "D". Perfect for lifting 2 HP to 15 HP outboards.

85 lb. capacity. Order #524-1
